

Treat your dog

THE KraMar Pet Company has introduced three new varieties of chicken treats to its popular Supa Naturals range.

Developed in consultation with leading dog trainer, Steve Austin, the three new 'supa stars' of the show are Chicken Breast Bites, Chicken and Rice Balls and Chicken and Rawhide Twists.

Made from 100 per cent chicken with no added preservatives, colours or artificial flavourings, they make a tasty wholesome snack and are great to use as a reward when training.

Made from small, bite-sized pieces, Chicken Breast Bites are an ideal choice for puppies and small dogs.

Chicken and Rice Balls is made from 100 per cent chicken breast with the addition of rice, to add extra flavour and to provide an additional source of energy for active dogs.

Chicken and Rawhide Twists contain all the flavour of a chicken breast strip with a delicious chewy rawhide centre.

The KraMar Supa Naturals range is made from pure chicken and is low in fat, high in protein

and completely natural.

Priced from \$3.99 to \$4.99, Supa Naturals are available from Woolworths, K-Mart and leading pet stores.
